

Holidays 2018

Frank's broken fibula is healing well. Henry is off to college. Morris is in Israel. Connie is hiking on her

new mountaintop property in Tehachapi. Frank & I volunteer for

environmental organizations and I still spend the summer at Silver Bay. Frank commutes to Princeton in spite of the terrible traffic. Ted's mother Fran Alper died after a long illness. Andy is off to the South Pole once again to keep the science experiments humming along.

We think of you often and wish you the very best for the holidays and the new year.
